

IC-7000

## Night Vision

### Pan/Tilt IP Surveillance Camera

#### Introduction

IC-7000 is an easy-to-use IP Camera for remote monitoring. Simply type the IP address of the IC-7000 in the browser (Microsoft IE) address bar, and you can watch remote streaming video with voice. The IC-7000 features motorized pan and tilt features with maximum angles of  $+180^{\circ} \sim -35^{\circ}$  (vertical) and  $\pm 175^{\circ}$  (horizontal). Users can conveniently control the camera remotely through the Web interface.

#### Night Vision

With built-in IR (Infra Red) LED's, the IC-7000 supports Night Vision. Users are still able to view and record video clips in complete darkness. The IC-7000 can be applied to your warehouse, office and home for night time surveillance.

#### TV-OUT, SD Card

The built-in TV-out decoding/coding feature can display the monitored image on a TV screen (NTSC or PAL TV). The camera also features an SD slot to save snapshots of triggered events (motion detected) directly on the SD memory card. It is a good backup when the Internet is disconnected and an e-mail snapshot can not be sent.

TV-OUT , SD Card Slot

## Key Features:

- Views real time video/audio via IE browser with max 640x480 screen
- Records the audio/video stream, "live" or on a predetermined schedule
- Supports video recording with different frame rates : 1, 3, 5, 10 fps
- Supports Pan/Tilt with viewing angle +180°~-35° (vertical) and ±175° (horizontal)
- Image Compression Format : M-JPEG
- Supports motion detection and snapshots the triggered event
- Motion-triggered image capture, image can be sent to FTP, E-Mail, SD Card and PC
- Supports 4X digital zoom
- Supports Night Vision with built-in IR (Infra red) LED
- Supports virtual IP and port switch in IP DSALM
- Built-in TV Out connector to view video through TV set
- Firmware Upgradeable

## Specification :

Model NO.	IC-7000
Internet interface	1 X RJ-45 UTP Port
Output interface	1 x TV OUT
Storage interface	SD Card Slot
Button	Reset
Microphone	High touch 10 $\phi$ -40db $\pm$ 3
Protocol	TCP/IP, SMTP, FTP, PPPoE, DHCP
Power	DC5V , 2A
Dimension	95 x 94 x 121mm
Weight	220g
Operating Temperature	0 ~ 45 °C
LED Indicators	1 x LED for Status + 6 x IR LED
Certifications	CE, FCC
